

## **MEETING: Tuesday, August 21st, 2018 @ 6:30pm**

**Board Members Present:** James Daskal, Todd Baldwin, Trey Wiley, Bob Ligon, Cathy Patrick, Marise Kuhlke.

**Residents present:** None

Meeting started at 6:30pm. Bob Ligon read the minutes from last month due to Todd Baldwin on Vacation.

### **New Business –**

Jim Daskal raised the concern that we should be looking out for those in the neighborhood who are ill and that we as residents should reach out to see what we can do for them. Whether it be something like having a prayer group for those who request one or we stop by the resident to see what we can do for them. One suggestion was to possibly hold a support meeting once or twice a month at the clubhouse.

There are two trees near 690 Woodhall Abbey that were hit by lightning. These trees are dying and will need to be removed.

### **Treasurer - Candy Adams –**

Candy Adams was absent for tonight's meeting. Jim Daskal asked the board if they had any questions about the financial report. There were no questions.

### **Club House – Marise Kuhlke -**

Sandra Self who is head of our social events committee has proposed a list dates to have parties at the club house. Events will be coming soon.

### **Pool – Cathey Patrick**

Light bulb inside the pool was changed. Pool is losing water quicker that it should be. We may have a leak. A pool company said they could check on it and patch it for \$575 unless it is a larger issue.

### **Grounds – Trey Wiley**

Pro Lawn will be spraying for weeds and applying a treatment in September. A specific date will be announced once we hear more. Trees: Trees outside the wall that have died are in the process to be removed. We have to remove the two trees near 690 woodhall abbey that were hit by lightning but we are going to wait for our treasurer Candy Adams to return so we can ask her about available funds.

**Gates- Bob Ligon** – Nothing to Report.

Meeting came to an end at 7:30PM.
